

PLANT ITEM	RECONDITION YEAR	DESCRIPTION OF CAPABILITY.
<b>INVESTIGATION ANCHOR AND WELL DRILLING EQUIPMENT</b>		
RDC MINDRILL-3M	2000	A skid mounted rig suitable for drilling 100mm dia holes to 100 metres deep.
RDC MINI ROTARY RIG 1500 FLAT BED	1999	Drilling rig for drilling holes within a confined space. Hydraulically driven with separate power pack.
PC 60 KOMATSU PILE DRIVER	2000	Suitable for driving 6m long piles and 6m long wick drains.
RDC UNIVERSAL WAGON DRILL	2003	A drill suitable for injections, anchors, soil nails, water wells, micro piles, blast holes and soil investigations
GARDNER - DENVER 1500 TRUCK MOUNTED ROTARY DRILL RIG	2002	For air and mud water well drilling. Capable of 100 to 150mm dia wells to 760 metres deep.
GARDNER - DENVER TRUCK MOUNTED ROTARY DRILL MAYHEW 1000	2004	For standard investigation and well drilling 100 - 150mm hole up to 300 metres deep.
BUCYRUS ERIE TRACK MOUNTED CABLE TOOL RIG	2001	Cable tool rig for drilling in alluvial soil conditions. Can drill holes 100 to 800mm in diameter up to 300 metres deep.
<b>FOUNDATION DRILLING AND PILE DRIVING</b>		
KOBELCO 7035 CRAWLER CRANE	2005	Crawler Crane set up with rotary table attachments and pile frame.
SMITH 40C CRAWLER CRANE	2004	Crawler Crane set up with rotary table attachments and pile frame.
SMITH 35C CRAWLER CRANE	2005	Crawler Crane set up with rotary table attachments and pile frame.
TWO SMITH 25C CRAWLER CRANES	2004	Crawler Cranes set up with rotary table attachments and pile frame.

PLANT ITEM	RECONDITION YEAR	DESCRIPTION OF CAPABILITY.
<b>FOUNDATION DRILLING AND PILE DRIVING</b>		
TWO SMITH 26 CRAWLER CRANE 12 TONNE	2002	Crawler Crane set up with rotary table attachments and pile frame.
GROVE 675 TRUCK MOUNTED CRANE	2005	Mobile Crane for general lifting.
NCK ANDES CRAWLER CRANE C41B	2004	Crawler Crane set up with rotary table attachments and pile frame.
KATO NK160 TRUCK MOUNTED CRANE	2004	Mobile crane for general lifting.
NCK ANDES 20 TONNE TRUCK MOUNTED CRANE	1985	Mobile Crane for general lifting
JCB/RDC ROTARY CRAWLER DRILL RIG	2003	Suitable for holes 300 to 1000mm diameter ranging in depths 24 to 40 hours
HITACHI EX 120-3 EXCAVATOR	2004	Excavator and pile driving attachment
KOMATSU PC 300 RDC HYDRAULIC PILE DRIVER	2004	Pile driver suitable for H piles, up to 600mm dia casing, 600 mm <sup>2</sup> concrete piles and sheet piling.
RDC HYDRAULIC CASING OSCILLATOR	2002	Suitable for installing casing from 600 to 900mm in diameter
RDC ROTARY TABLE CRANE MOUNT ATTACHMENT 3 AVAILABLE	2002 - 2006	Capable of drilling foundations 500 to 2000mm in diameter. Up to 28 metre standard depth or 45 metres with extension bar
RDC HIGH FREQUENCY VIBRATION PILE DRIVER 5 AVAILABLE	2006	Suitable for extracting and driving piles to depths up to 25 metres depending on soil conditions.
HATFIELD ROTARY TABLE CRANE MOUNT ATTACHMENT	2003	Capable of drilling foundations 500 to 1800mm in diameter.. Up to 28 metres standard depth or up to 40 metres deep with extension.
